

What is Renaissance?

The Renaissance program is a national network composed of schools which demonstrate a dedication to promoting academic excellence.

The three guiding principles:

- Students, teachers, staff, parents, businesses, and the community must be involved.
- If you recognize people with incentives they value, they will perform well.
- Programs should be based on school and community needs.

What are ABC Renaissance Cards?

- Up to 5 incentives currently offered
- Available to students as a reward for performance
- Effective for 1 semester
- Cards can be earned through collecting LOBO PAWS and signatures from their teachers for their outstanding academic, behavior, and citizenship.
- Students are awarded with cards in 4-week cycles

"What you respect, recognize, reward, and reinforce is what gets accomplished. You can see and feel the difference Renaissance makes."
