Dear School Board,

We need more computers for the class rooms that do not have one or more to put in. Some needed more ink for the printer. The links of the CAHSEE Revolution did not appear in some computers. We need a link of the Cool Math Games for the computers in the math classes, the learning center, and Mr. Booth's class.

When I go to Web Managers 3 in Mr. Booth's class to work on the home page. Can I add a link for the home page that will be CAHSEE Revolution, Career Cruising, Hot Math.com, and the Cool Math Games?

Sincerely yours

Matthew E. Kelly
