

Attention Activities Director

On May 4, 2001, Littlerock High School will be presenting the S.A.V.E (Students Against Violence Everywhere) program to the administration/student body of the Los Angeles County school Districts. This program is set to put together a group of students from each campus to voice their opinions about violence of schools everywhere as well as the violence on their own campuses.

During this event, Littlerock High School will have guest speakers to talk about incidents that have occurred in their own lives as well as incidents that have occurred that have occurred within school campuses throughout the nation. The S.A.V.E committee of Littlerock High School will also present skits concerning everyday school life. The topics that will be discussed are: peer pressure, rap music, racism and gang violence within each campus.

Although this will be from 9:00 - 4:00, we would appreciate each school to arrive at Littlerock High School by 8:00 A.M. We would like each school to bring 10 students consisting of Sophomores and Juniors along with 1 teacher/chaperone and a school law enforcement officer (optional). The students should also prepare an autobiography to turn in prior to entrance. Autobiographies should contain: name, school activities and any other acknowledgments.

We look forward to your attendance at this conference. Safety is an important issue and our S.A.V.E committee would like to build a pact for peace on each campus. If you would like further information please feel free to contact:
